About Us

YOUR HOME AUTOMATION PARTNER

In today's rapidly evolving lifestyle landscape, home automation in India is transitioning from a luxury offering to a functional necessity. Growing expectations around comfort, convenience, safety, security, and energy efficiency are driving the adoption of smart automation solutions across residential and commercial spaces.

Welcome to OTTOCLICK, a forward-thinking automation brand delivering intelligent, energy-efficient solutions for modern homes and spaces. We specialize in designing and deploying smart automation systems that transform everyday environments into seamless, connected, and future-ready living experiences.

From residences and villas to institutions and commercial spaces, Our focus is on creating the right ambience, comfort, and functionality, ensuring that every automated space feels effortless to use and enjoyable to experience.

Our product portfolio includes smart touch switches, Smart lightings, motorized curtains/ blinds, digital locks, safety & Surveillance systems, and centralized control systems fully app-based and voice-enabled. With scene-based control and automation workflows, Ottoclick makes smart living intuitive, efficient, and accessible. Experience convenience, control, and innovation— designed to fit your lifestyle.

WHY CHOOSE OTTOCLICK AUTOMATION ?

At OTTOCLICK, we are committed to delivering an outstanding online shopping experience. Our mission is to provide a diverse selection of high-quality products at unbeatable prices, supported by exceptional customer service. We continuously work to enhance your shopping journey with innovative features and improvements.

Premium & Innovative

High-quality products designed with modern smart features.

Unified Control

Control all smart devices from one app or voice command.

Personalized Automation Flows

High-quality automation flows for every appliance.

Secure & Encrypted

Your data and automation system stay protected at all times.

Adaptive Smart Lighting

Lighting that adjusts to mood, time, and daily routines.

Zigbee & Wi-Fi Compatible

Works on both technologies for stable and flexible connectivity.

Experience-Focused Service

We design automation that feels simple, smooth, and natural to use.

Energy-Efficient Automation

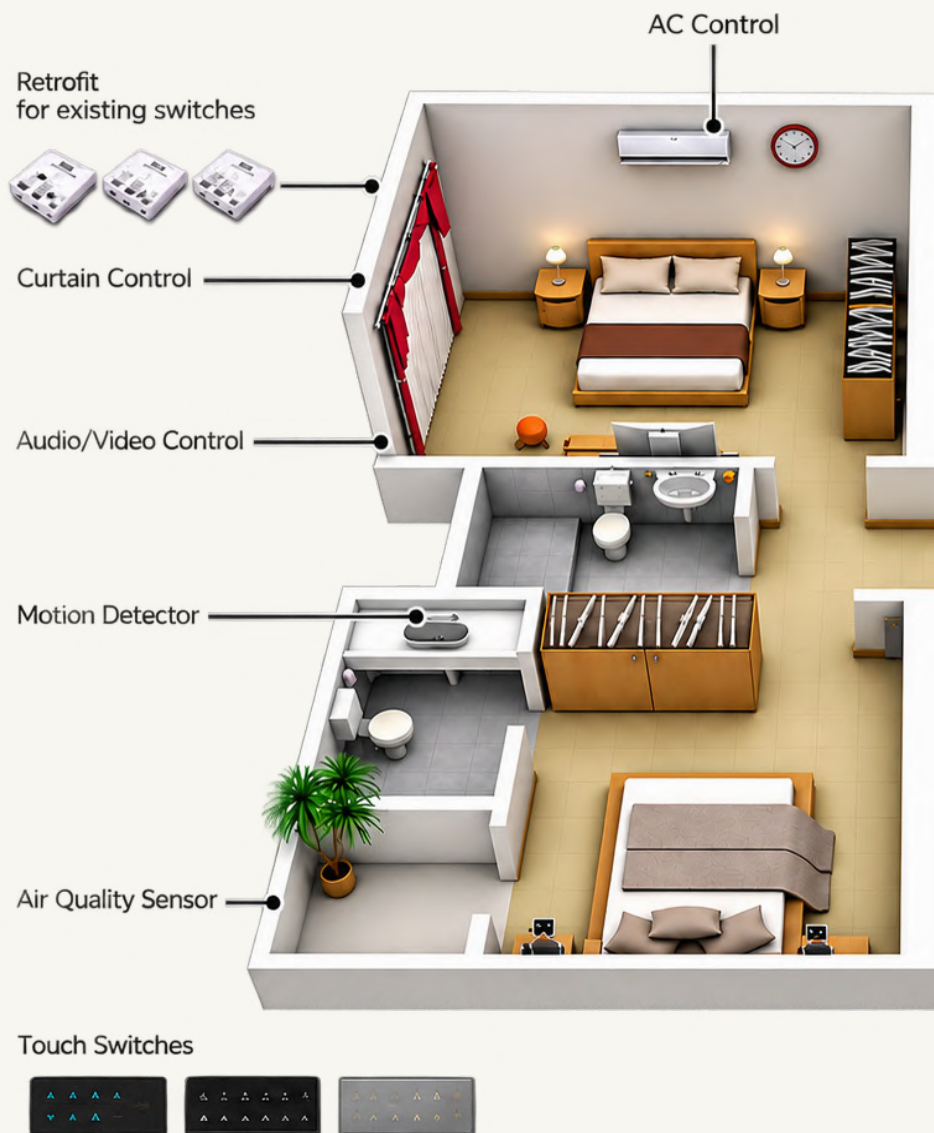

Smart energy control that reduces consumption while improving efficiency

One-Stop Automation

Complete automation planning, installation, and support under one roof.

CHOOSE YOUR CONNECTION ENJOY TOTAL CONTROL.

Designed for flexibility, Ottoclick products offer both WiFi and Zigbee connectivity options, ensuring reliable performance, secure communication, and seamless smart automation tailored to your needs.

Parameter	Wi-Fi Automation	Zigbee Automation
Ideal For	1-2 rooms, small homes, basic automation setup.	Complete home automation, villas, larger spaces
Connection Type	Connects directly to home Wi-Fi	Uses a dedicated smart automation network
Hub Requirement	No hub required	Requires a central hub / gateway
Installation Experience	Quick and simple	Planned and professionally configured
Control Options	App & voice control	App, voice & local control
System Response	Simple, direct control	Smooth, coordinated control
Number of Devices	Works best with limited devices	Handles multiple devices smoothly
Effect on Home Wi-Fi	Shares home Wi-Fi bandwidth	Does not affect home Wi-Fi
Reliability	Depends on Wi-Fi strength	Highly stable and dependable
Future Expansion	Limited expansion	Easy to expand anytime
Best Choice When	You want simple, quick automation without extra hardware	You want reliable, scalable, long-term automation

MULTIPLE WAYS TO STAY IN CONTROL

Introducing Smart Touch Switch Series

Ottoclick Smart Touch Panels come in Luxe, Aura, and Canvas series to suit every interior style. Luxe offers premium frames and bezels, Aura delivers a luxury look, and Canvas allows customizable designs. Together, they combine elegant design with smart touch control.

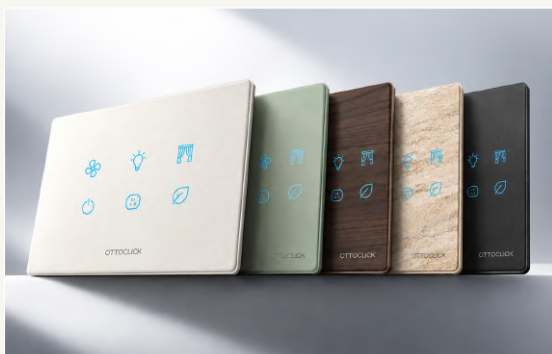

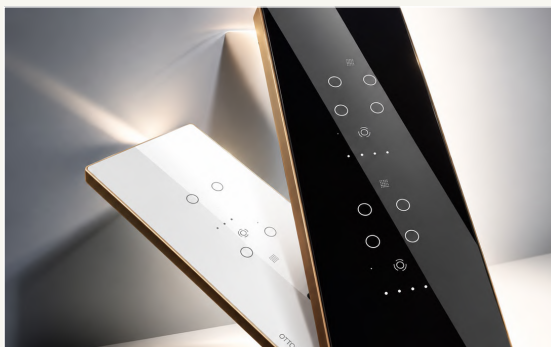

AURA Series

Luxury smart touch switches designed for a rich, modern living experience.

LUXE Series

Premium touch panels with elegant frames and refined bezels for luxury interiors.

CANVAS Series

Customizable touch panels with changeable designs to match your interior style.

LUXE SERIES

Refined Design. Effortless Control.

The Luxe Series is crafted for premium interiors, featuring elegant frames and refined bezels that add a sophisticated touch. It combines luxury design with smooth and reliable smart touch control.

Years of
Warranty

Terms & Conditions :

1) The warranty starts from the date of purchase or 6 months after manufacturing, whichever is later. It includes free labor, transport, and/or replacement parts for defects in materials or manufacturing faults. The warranty is valid under conditions of normal household or commercial use.

2) The warranty does not cover minor imperfections that meet design specifications or do not affect functionality. There are no guarantees for satisfaction, performance, or error-free operation. Express or implied warranties, including fitness for a particular purpose and merchantability, are excluded to the extent allowed by law.

3) To claim the warranty, you must present the original invoice or valid proof of purchase. The warranty does not cover products without registration, with altered or illegible purchase proof. Defects must be reported within 7 days of purchase.

4) Warranty service is available during operation hours and will be provided on-site or at the customer service center, depending on the warranty type. The warranty will be suspended if the customer defaults on payments to the dealer/retailer/distributor.

5) The warranty does not cover damage due to external causes, misuse, or unauthorized repairs. If a product part needs repair, it may be replaced with a new or refurbished part. The warranty is non-transferable and valid only for the original owner in India. We reserve the right to charge for services outside the warranty scope and to change the terms without notice.
