

OTTOCLICK

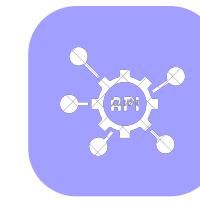

HOME AUTOMATION ACCESSORIES

Smart Sensing, Instant Action.

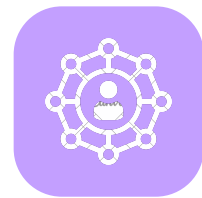

Real-Time Monitoring & Control

Ottoclick's Smart Sensors provide instant feedback, enhancing both security and operational efficiency

Seamless Integration

Easily integrates with existing automation systems, allowing for smart, precise data management and real time sensing and standalone devices.

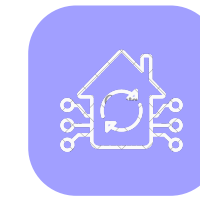

Comprehensive Detection

Detects motion, temperature, and more, ensuring a holistic approach to monitoring your environment.

Enhanced Security & Convenience

Combines advanced detection capabilities with convenience, ensuring your space is both secure and efficient.

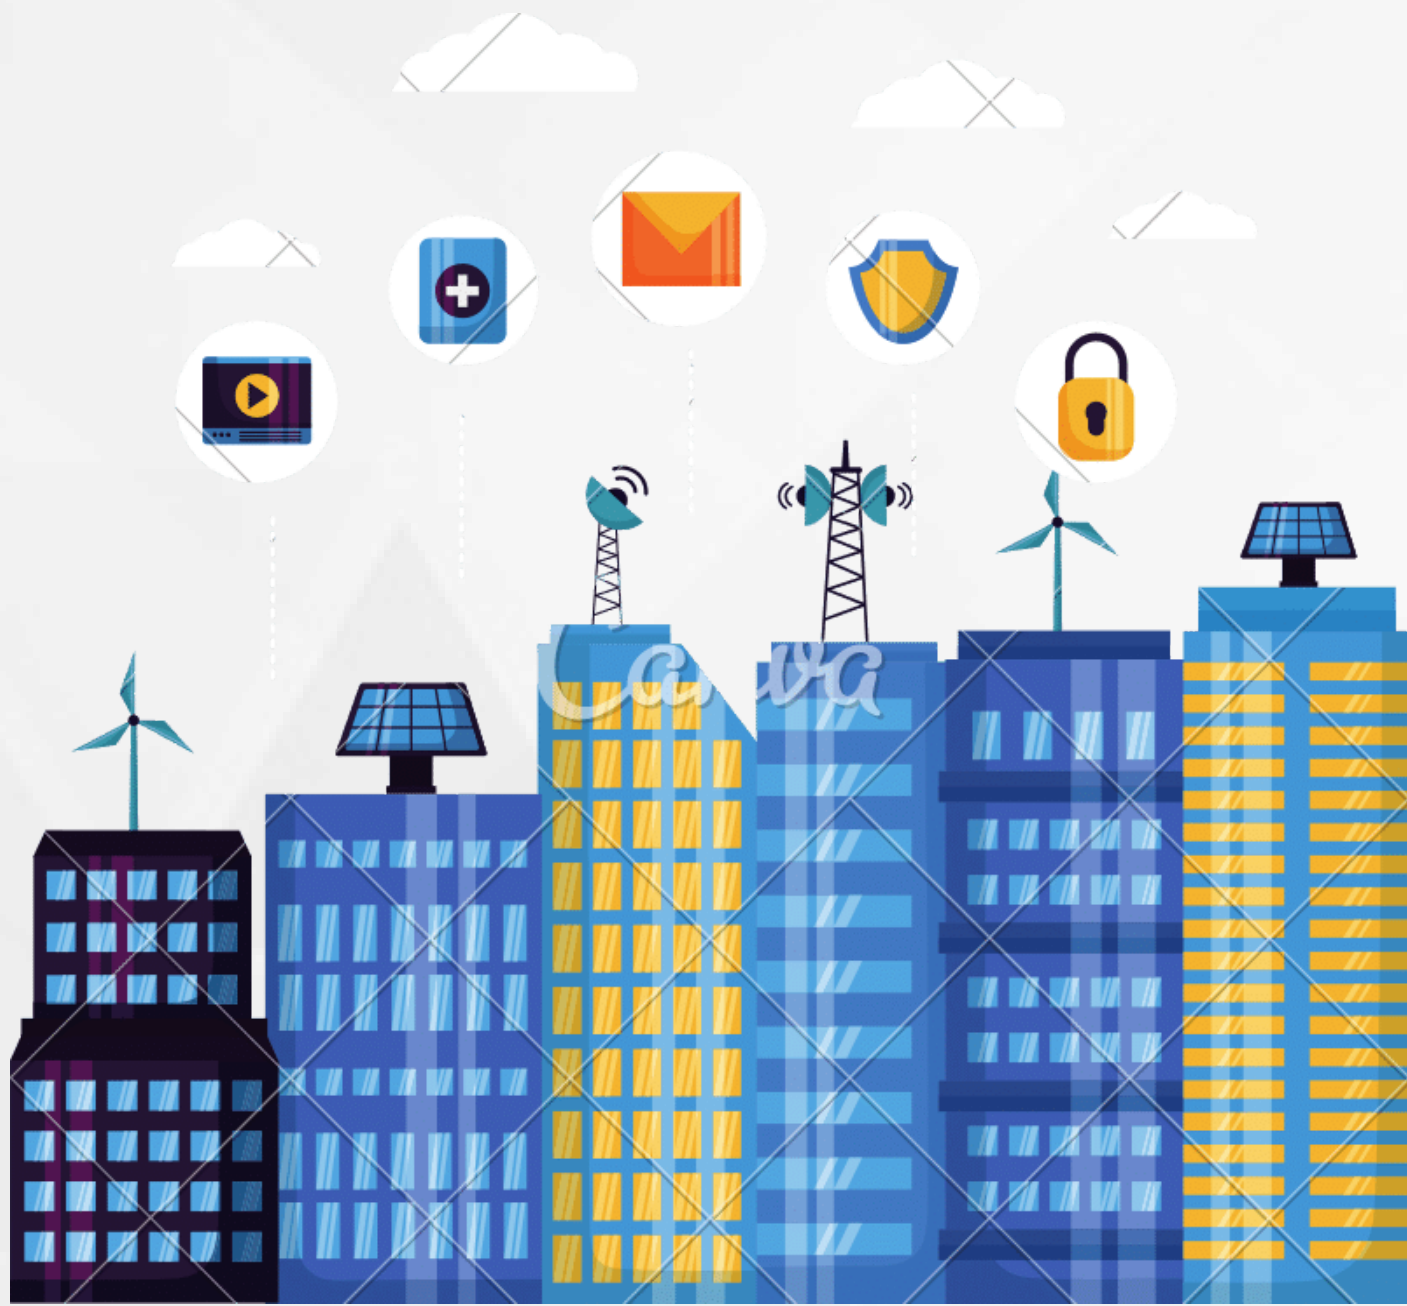

Smart & Efficient Automation

Optimize your environment with intelligent sensors that enhance both control and automation.

There's no sensor like Ottoclick.

Ottoclick Motion Sensors use high-frequency detection to sense even the slightest movement—ensuring instant and accurate automation in corridors, basements, parking areas, washrooms, and common spaces. Integrated with precision timers, the system enables intelligent scheduling and motion-based control, ensuring lights and electrical loads operate only when required, delivering maximum energy savings with seamless comfort.

- ✓ **Adaptive Sensitivity**
- ✓ **Energy-Efficient Operation**
- ✓ **Customizable Time/Lux Settings**

MICROWAVE MOTION SENSORS

- Microwave sensors can significantly reduce energy wastage by automatically turning off lights when the area is unoccupied.
- Activated by even the slightest motion and movement .
- Provides reliable performance in temperatures ranging from -20°C to 55°C.
- Motion can be detected through various materials, including plastic, glass, false ceilings, and thin non-metallic substances.
- Their coverage range is extensive.

AREA OF APPLICATION

- Complexes
- Malls and Offices
- Cold storages
- Industrial Warehouses
- Manufacturing facilities
- Parking areas
- Fire Exits
- Lifts
- Lobbies and Passages
- Washrooms and Store rooms
- Bus stations, Railway stations, and Airports
- Hotels and Hospitals
- Corporate offices and shopping malls

Ceiling 360-Degree Sensor

Model: OC-M3

Power Sourcing: 220-240V AC

Detection Range: 360 Degree

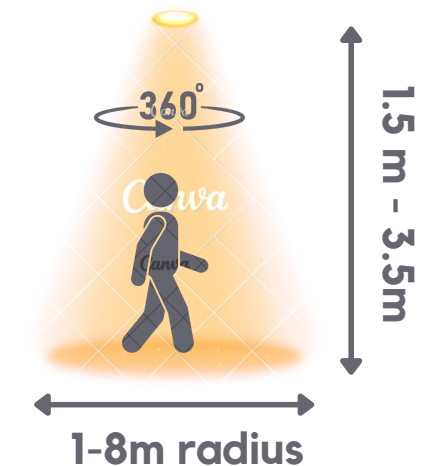

Ambient Light: Adjustable from less than 3 lux to 2000 lux

Time Delay: Min: 10sec +- 3sec | Max: 12min +- 1min

Rated Load: 1200w (Incandescent Lamp) | 300 W (Energy-saving Lamp)

Detection Distance: 1-8m (Radius) adjustable

Between 1.5 meters to 3.5 meters

Mini Microwave Sensor

Model: OC- M5

Load Capacity: 1200 Watts

Detection Angle: 360 Degree

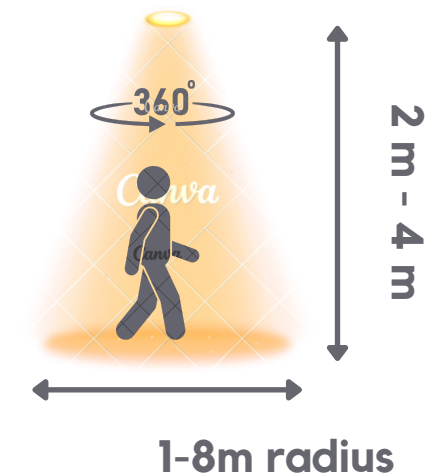

HF System: 5.8 GHz

Time Delay: Adjustable from 8 seconds to 12 minutes

Sensitivity: Adjustable detection distance from 1 meter to 8 meters (radius)

Light Setting: Adjustable from 2 lux to 2000 lux

Installing Height: Between 2 meters to 4 meters

Ceiling Microwave Sensor

Model: OC-M6

Power Sourcing: 220 – 240/ac

Detection Range: 360 Degree

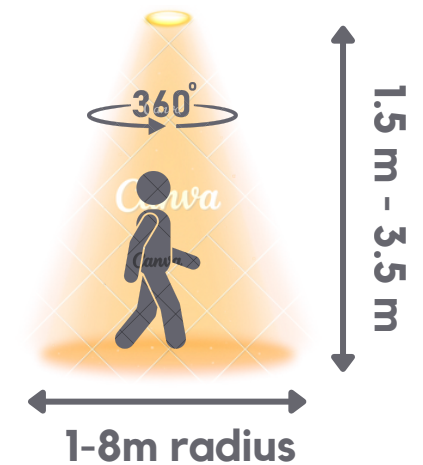

Ambient Light: <3-2000lux (Adjustable)

Time Delay: Min: 10sec +- 3sec | Max:12min +-1min

Rated Load: 1200w(Incandescent Lamp) | 300 W(Energy-saving Lamp)

Detection Distance: 1-8m (Radius)adjustable

Installing Height: Between 1.5 meters to 3.5 meters

Warehouse Sensor

Model: OC-M8

Power Sourcing: 110 – 277 V AC

Detection Range: 360 Degree

Ambient Light: Adjustable from <3 lux to 2000 lux

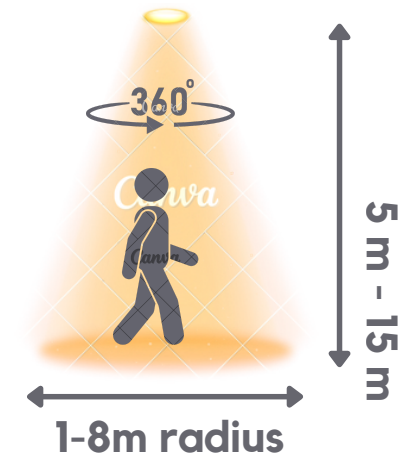

Time Delay: Min: 10sec +- 3sec | Max:12min +-1min

Rated Load: Incandescent Lamp: 1200 W | Energy-saving Lamp: 1000 W

Detection Distance: Adjustable from 5 to 15 meters

Installing Height: Suitable for mounting at heights ranging from 4 to 15 mt.

Time Setting : 5 sec, 30 sec, 90 sec, 3 min, 5 min, 10 min, 20 min, 30 min

Microwave Radar Sensor

- **Model:** OC-M10
- **Colour :** White
- **Power Supply :** AC 100–240 V, 50/60 Hz
- **Maximum Load :** 100 W
- **Detection Range :** Up to 5 metres (highly sensitive can detect breathing)
- **Detection Angle :** 360° ceiling coverage
- **Mounting Type :** Recessed ceiling (fall ceiling) installation
- **Delay / Reset Time :** Approx. 40 seconds (resets on movement)
- **Dimensions (device) :** 60 × 40 × 60 mm
- **Item Weight :** 80 g

PIR MOTION SENSORS

- PIR Motion Sensors are highly cost -effective.
- Ideal for compact premises.
- Motion detection is consistently reliable even under controlled temperature conditions.
- Energy-saving feature.
- Not detectable when obstructed by glass.
- The unwanted detection area can be masked.
- It reliably detects indoor motion regardless of the time, performing effectively during both day and night .
- PIR Sensor boasts powerful functionalities with cost -effective advantages.

AREA OF APPLICATION

- Institutes/Schools/
- Colleges/Universities
- Hostels/PG
- Warehouses
- Shopping Malls
- Hospitals/Clinics
- Transport:Railways/Airport /Bus Stand
- Corporate
- Offices/Government Offices
- Hotels
- Manufacturing Companies

Wall-Mounted Motion Sensor

Model: OC-M9

Power Sourcing: 220–240V AC

Detection Range: 180 Degree

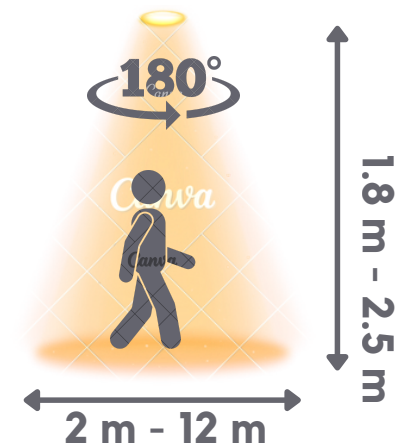

Ambient Light: Adjustable from <10 to 2000 lux

Time Delay: Minimum: 10 sec $\pm$ 3 sec | Maximum: 7 min $\pm$ 2 min

Rated Load: 1200w(Incandescent Lamp) | 300 W(Energy-saving Lamp)

Detection Distance: Adjustable from 2 to 12 meters

Installing Height: 1.8 to 2.5 meters

Wall-Mounted Motion Sensor PIR

Model: OC-PIR01

Power Sourcing: 220–270V AC

Detection Range: 180 Degree

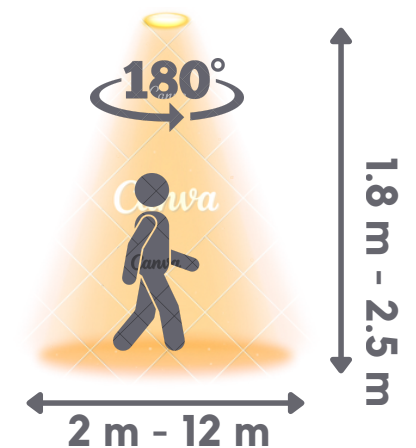

Ambient Light: Adjustable from <10 to 2000 lux

Time Delay: Minimum: 10 sec $\pm$ 3 sec | Maximum: 7 min $\pm$ 2 min

Rated Load: 1200w(Incandescent Lamp) | 300 W(Energy-saving Lamp)

Detection Distance: Adjustable from 2 to 10 meters

Installing Height: 1.8 to 2.5 meters

Zigbee PIR Motion Sensor

Model Number: OC-Z-PIR02

Maximum Range: 33 Feet

Mounting Type: Wall Mount

Battery Description: Lithium-Ion Polymer

Compatible Devices: Smartphone, Tablet

Product Dimensions: 40D x 40W x 40H Millimeters

Power Source: Battery Powered

Smart Sensing, Instant Action.

Explore our Wardrobe Sensors

Ottoclick Wardrobe Sensors automatically turn lights on when the wardrobe is opened and switch them off when closed, delivering effortless convenience with zero energy wastage.

Wardrobe Sensor

Model: OC-W1

Material: ABS (Acrylonitrile Butadiene Styrene)

Color: Grey

Lighting Color: Warm White / Cool White (selectable)

Battery: 12V 23A (not included)

Type: Smart Sensor

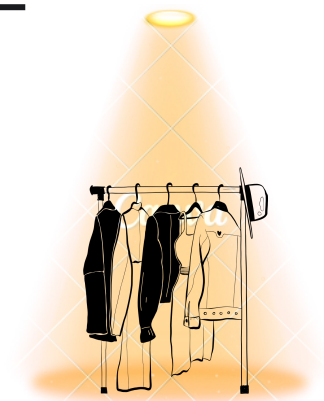

Bead Quantity per Light: 3 pcs

Wardrobe Switch (Mechanical)

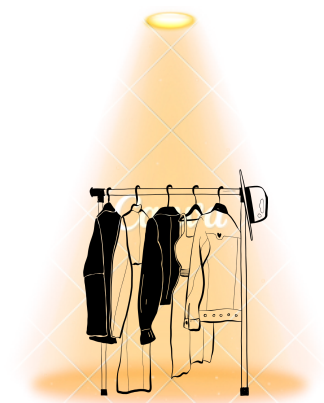

- **Model:** OC-W2
- **Type:** Mechanical door-activated switch
- **Operation:** ON when door opens, OFF when door closes
- **Voltage Compatibility:** Suitable for 12V / 24V / 230V
- **Mounting:** Easy surface or recessed installation
- **Application:** Wardrobes, cabinets, drawers, storage units

Double Door IR Sensor

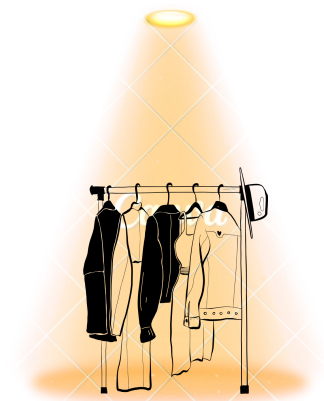

- **Model:** OC-W3
- **Operating Voltage:** 12V DC
- **Function:** Lights ON when any door opens, OFF when both doors close
- **Application:** Wardrobes, cabinets, drawers, storage units
- **Response:** Instant and accurate IR detection
- **Compatibility:** Works with 12V LED strip lights and drivers

Single door ir Sensor

- **Model:** OC-W4
- **Operating Voltage:** 12V DC
- **Function:** Lights ON when any door opens, OFF when both doors close
- **Application:** Wardrobes, cabinets, drawers, storage units
- **Response:** Instant and accurate IR detection
- **Compatibility:** Works with 12V LED strip lights and drivers

Smart Sensing, Instant Action.

MOTION SENSING LIGHTS

Motion Sensing Lights are smart lighting solutions that automatically turn ON when motion is detected and switch OFF when there is no movement, ensuring convenience and energy efficiency.

Available in both battery-operated and rechargeable options, they are easy to install and ideal for homes, corridors, stairs, and wardrobes.

Battery operated motion sensor light

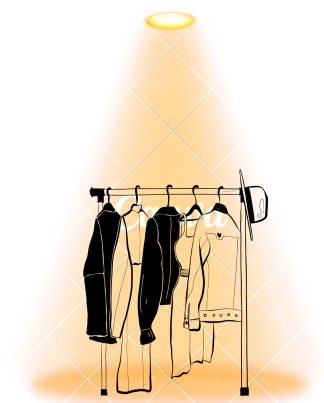

- **Model:** OC-MSL1
- **Power Source:** Operates on 4 × AAA batteries
- **Motion Detection:** Automatically turns ON with movement and switches OFF when idle
- **Energy Efficient LEDs:** Ensures bright light with extended battery life
- **Instant Illumination:** Quick response for added safety and convenience
- **Ideal Applications:** Wardrobes, cabinets, stairs, corridors, and passage areas

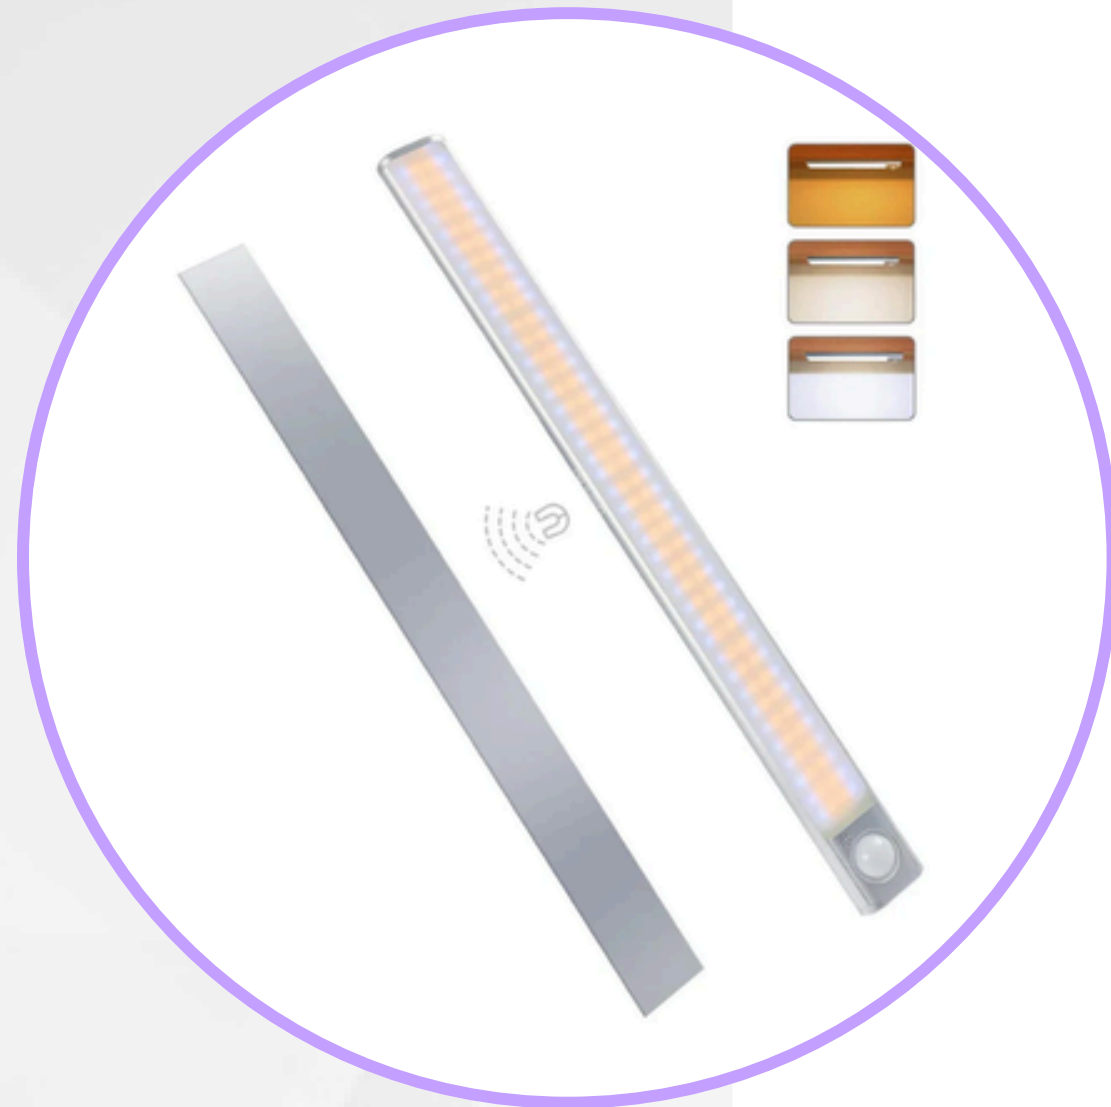

Rechargeable Motion Sensor Light

- **Model:** OC-RMSL 01
- **Rechargeable Battery:** Built-in battery for completely wireless operation
- **Motion Detection:** Automatically turns ON with movement and OFF when idle
- **Instant Illumination:** Bright, energy-efficient LED lighting
- **Easy Installation:** Magnetic base or adhesive mounting, no drilling needed
- **Ideal Applications:** Wardrobes, cabinets, stairs, corridors, and passage areas

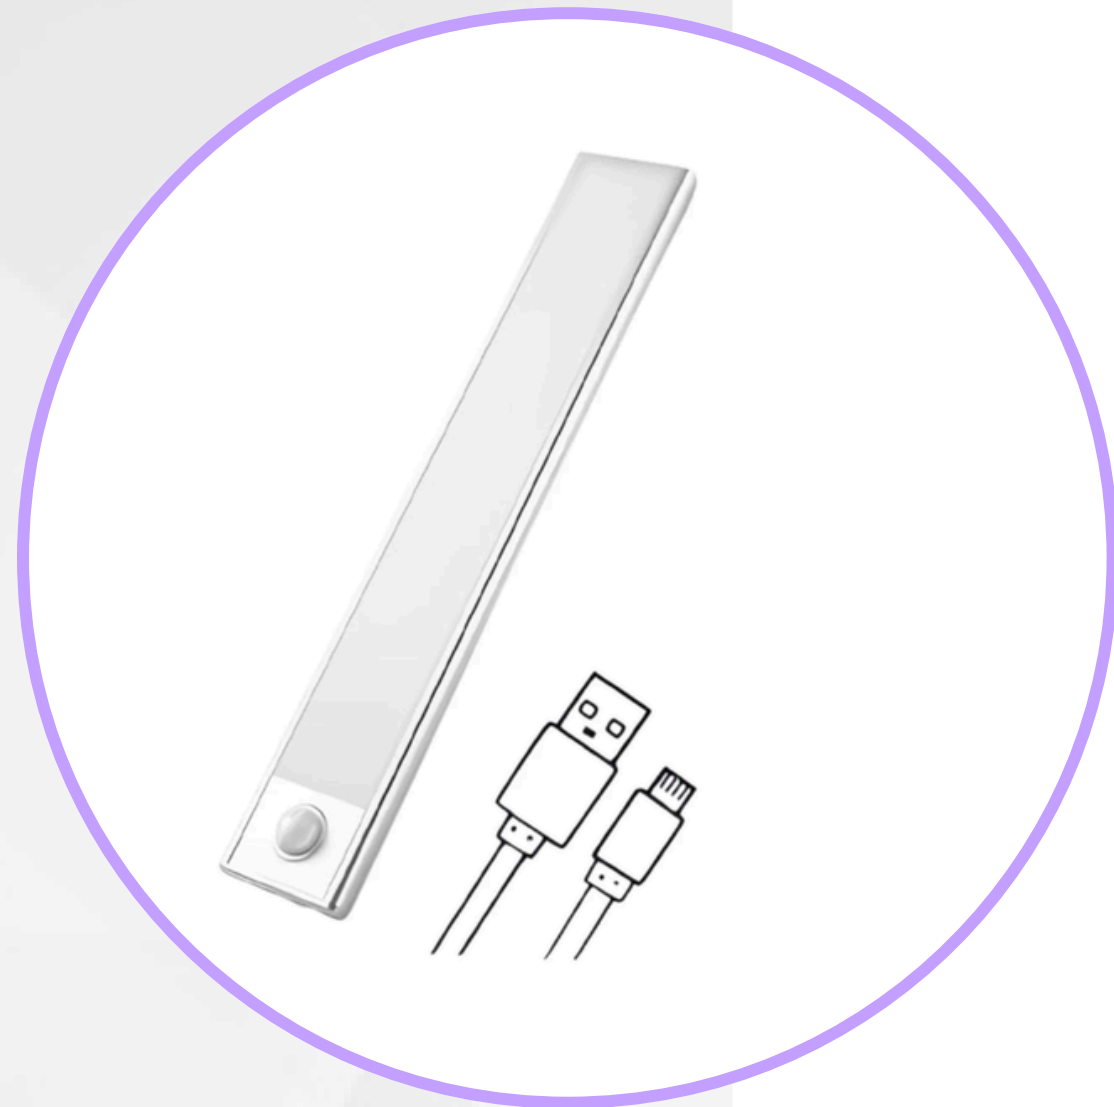

Rechargeable Motion Sensor Light

- **Model:** OC-RMSL 02
- **LED Count :** 160 LEDs
- **Luminous Flux :** 800 lumens
- **Battery Capacity :** 3600 mAh (rechargeable)
- **Power :** 5 Watts
- **Voltage :** 3.7 Volts
- **Colour Temperatures :** Cold White, Natural White, Warm White (stepless dimming)
- **Mounting :** Magnetic strip (stick-on, tool-free)
- **Material :** ABS Plastic (matte finish)
- **Net Weight :** 0.20 kg

Rechargeable hanging Sensor Light

- **Model:** OC-RMSL03
- **Battery Capacity :** Up to 30 days in motion mode (typical household use)
- **Finish :** Matte walnut
- **Dimensions (L×W×H) :** 10 × 9 × 17 cm
- **Weight :** 0.30 kg
- **Battery :** Built-in rechargeable lithium battery (USB charging)
- **Light Colour Temperature:** Warm white 2700–3000K
- **Motion Sensor Range :** Up to 3 metres (infrared + light sensor)
- **Auto-off Time :** Automatically turns off after 15 seconds of no motion

Rechargeable Motion Sensor Light Type C

- **Model:**OC- RMSL04
- **Battery Capacity :** 2000 mAH (rechargeable)
- **Number Of LEDs :** 72 LEDs
- **Material :** Aluminium housing
- **Colour Temperature :** 3 Options - Cool, Neutral, Warm (adjustable)
- **Dimming :** Multiple brightness levels (dimmable)
- **Charging :** USB-C charging cable included
- **Mounting :** Stick-on adhesive plus magnetic mount for easy removal

Smart Sensing, Instant Action.

SMART GAS SENSORS

Smart Gas Sensors are advanced safety devices that instantly detect gas leakage and send real-time alerts to your smartphone.

Available in both Zigbee and WiFi variants, they ensure quick response, seamless connectivity, and enhanced home safety.

Wi-Fi Smoke Sensor

Model: OC-W-SS

Power Sourcing: Battery Powered

Detection Range: 10 metres

Alarm: Audible

Item Weight: 100 g

Product Dimensions: 9 x 9 x 4 cm; 100 g

Sensor Type: Photoelectric

Colour: White

Zigbee Smoke Sensor

Model: OC-Z-SS

Visual Alarm Signal: Red LED Indicator

Sound Level: >85dB (at 3m Straight Ahead)

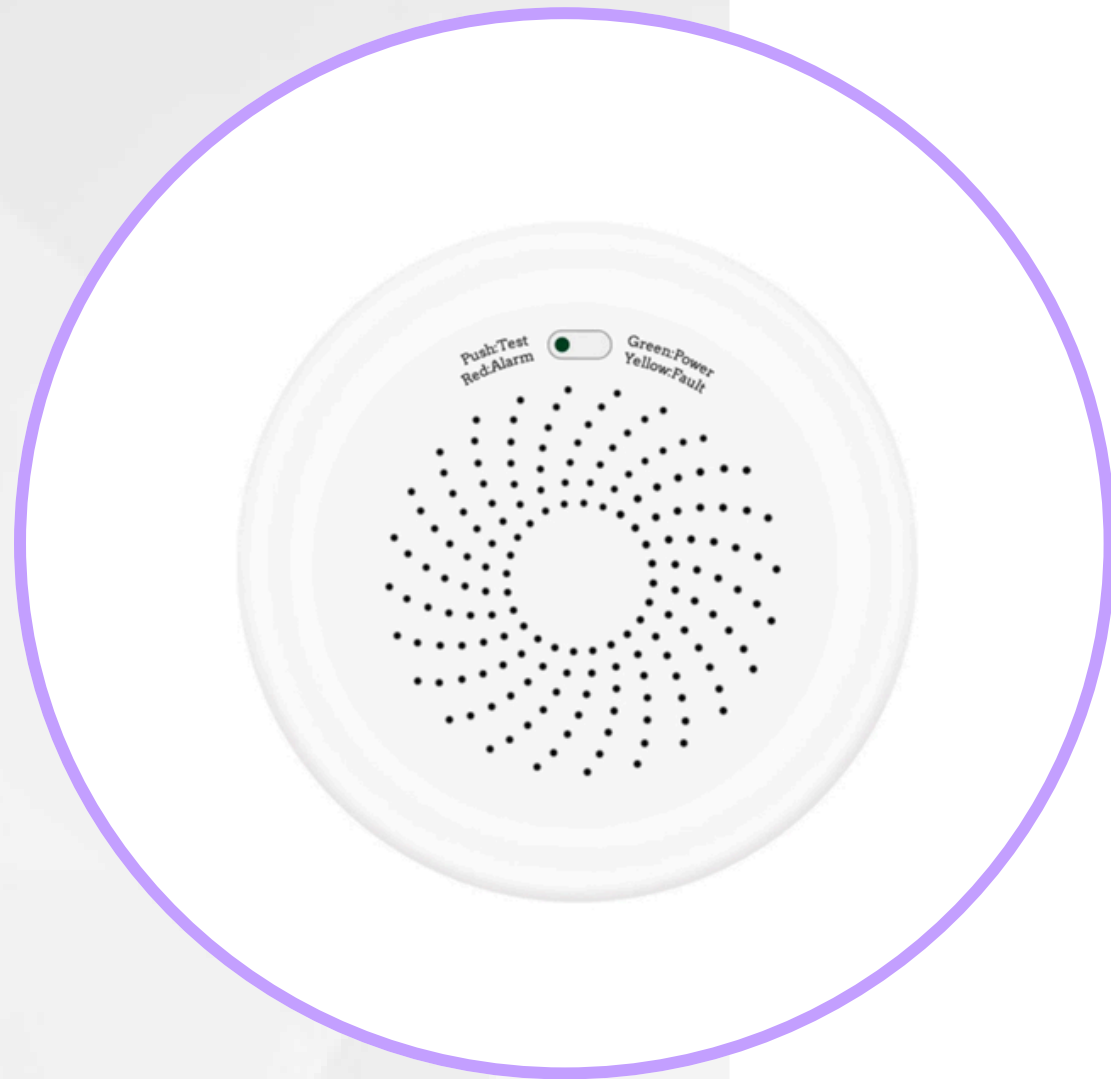

Mounting Type: Wall Mount, Ceiling Mount

Working Humidity: <95%RH (No Condensation)

Working Temperature: 0°C~+55°C

Voltage: 3 Volts

Colour: White

Zigbee LPG/PNG Detector

Model: OC-Z-LPGS

Alarm LEL: 8% LEL (natural gas)

Sound Level: 70dB (1min front of the gas detector)

Alarm Method: Audible and visual alarm, and wireless connection alarm

Operating Environment: -10°C to +55°C / =95%RH

Transmission Frequency: 2.4GHz

Voltage: AC220V

Dimensions: F85mmx29.6mm

HOME AUTOMATION ACCESSORIES

Home Automation Accessories include a wide range of smart solutions such as Smart MCBs, IR Sensors, and multiple intelligent devices designed to enhance safety, control, and efficiency.

These smart components integrate seamlessly to deliver a connected, convenient, and future-ready home automation experience.

Door & Window Alarm Sensor

- **Model:** OC-DS01
- **Colour :** Silver
- **Power Source :** LR44 batteries (pre-installed), low battery indicator
- **Sensor Technology :** Contact magnet sensor
- **Dimensions (L x W x H) :** 3.8 x 1.0 x 7.4 cm
- **Weight :** 200 g (0.20 kg)
- **Mounting Type :** Adhesive tape door/window/cabinet mount
- **Package Contents :** 1 x alarm unit (batteries pre-installed), adhesive tape, 2 earplugs, user manual

Wi-Fi Door Sensor

Model: OC-DS02-W

Power Sourcing: Battery Powered

Detection Range: 10 metres

Mounting Type: Door Mount, Window Mount

Item Weight: 200 g

Product Dimensions: 8.5 x 5.5 x 3.5 cm; 200 g

Voltage: 3 Volts

Colour: White

Zigbee SOS Panic Switch

Model: OC-Z-SOS

Number of Batteries: 1 CR2032 batteries required.

Item Weight: 75 Grams

Mounting Type: Wall Mount

Power Source: Battery Powered

Product Dimensions: 5 x 5 x 1 cm; 75 g

Voltage: 3 Volts

Compatible Devices: Personal Computer, Smartphone, Tablet, Zigbee hub,
Tuya SmartLife App, smart home security systems

Smart Wi-Fi Plug (10A)

- **Model** : OC- SS01
- **Colour** : White
- **Material** : Durable ABS Plastic
- **Maximum Current** : 10 A
- **Maximum Power** : 2400 W
- **Voltage** : 220–240 V AC
- **Connectivity** : Wi-Fi 2.4 GHz (b/g/n)
- **App Compatibility** : iOS 11.0+ and Android 6.0+ (Dedicated Ottoclick App)
- **Safety & Certification** : ASTA/CE compliant; built-in overload protection

Smart Wi-Fi Plug (16A)

- **Model** : OC- SS02
- **Voltage** : 230 V AC
- **Current Rating** : 16 A
- **Maximum Power** : 3680 W
- **Connectivity** : Wi-Fi (2.4 GHz) and Bluetooth
- **App Control** : Companion mobile app with scheduling, timers and energy monitoring
- **Voice Assistant** : Alexa compatible
- **Ingress Protection** : IP21 (indoor use)
- **Operating Temperature** : 30 °C to 85 °C
- **Dimensions (L×W×H)** : 5 × 5 × 6.5 cm
- **Weight** : 150 g
- **Material** : Durable plastic housing with copper contacts
- **Connector Type** : Clamp connector; PCB mount design
- **Recommended Use** : High-power appliances: AC, geyser, water pump, heaters

Wi-Fi Circuit Breaker (63A)

Model: OC-W-PCM

Rated Current: 63A (Optional)

Working Voltage: AC 90–300V, 50/60Hz

Connect: 1P+N

Wireless Type: 2.4GHz WiFi

Size: 82 × 68 × 18mm

DIN Rail: 35mm

Control Options: Remote & Manual

Wi-Fi IR + RF Blaster

Model: OC-IR-W

Power: DC 5V-1A

IR frequency: 38K

IR distance: 10 m (no wall)

Working HUM: $\leq 85\%$ RH

Size: 67 x 6 x 19.5mm/2.63 x 0.23 x 0.76inch

Standby Power dissipation: $\leq 0.5W$

Zigbee IR Blaster

Model: OC-IR-Z

Model Name: Smart IR Controller

Special Features: Voice Search

Connector Type: Wi-Fi

Product Dimensions: 5 x 5 x 2 cm; 95 g

Item Weight: 95 g

Compatible Device: Set Top Box, Television, Air Conditioner, etc

Smart Sensing, Instant Action.

Explore our Timer Sensors

Ottoclick Timer Sensors provide precise time-based control for lights and electrical loads, ensuring they operate only for the required duration. Ideal for common areas, outdoor lighting, and scheduled applications, they help reduce energy wastage effortlessly.

Frontier timer

- **Model:** OC-T1
- **Operating Voltage:** 230V AC, 50 Hz
- **Type:** Automatic Time Switch (Daily / 24-hour operation)
- **Load Capacity:** Suitable for heavy lighting loads (street lights, common areas)
- **Time Setting:** Mechanical dial with multiple ON/OFF segments
- **Mounting:** Panel
- **Accuracy:** High precision time control with stable performance
- **Application:** Street lighting, parking lights, signage, common area automation

Din Rail Mounted (4 PIN)

- **Model:** OC-T2
- **Operating Voltage:** 230V AC, 50 Hz
- **Type:** Automatic Time Switch / Timer
- **Mounting:** DIN Rail Mounted for secure, easy installation
- **Load Capacity:** 15 Amp heavy-duty switching
- **Time Setting:** Digital Display with adjustable ON/OFF segments
- **Switching Capability:** Set up to 16 ON/OFF operations per day
- **Accuracy:** High precision time control with stable performance
- **Applications:** Street lights, parking lights, signage, common area lighting automation

Din Rail Mounted (5 PIN)

- **Model:** OC-T3
- **Operating Voltage:** 230V AC, 50 Hz
- **Type:** Automatic Time Switch / Timer
- **Mounting:** DIN Rail Mounted for secure, easy installation
- **Load Capacity:** 30 Amp heavy-duty switching
- **Time Setting:** Digital Display with adjustable ON/OFF segments
- **Switching Capability:** Set up to 16 ON/OFF operations per day
- **Accuracy:** High precision time control with stable performance
- **Applications:** Street lights, parking lights, signage, common area lighting automation

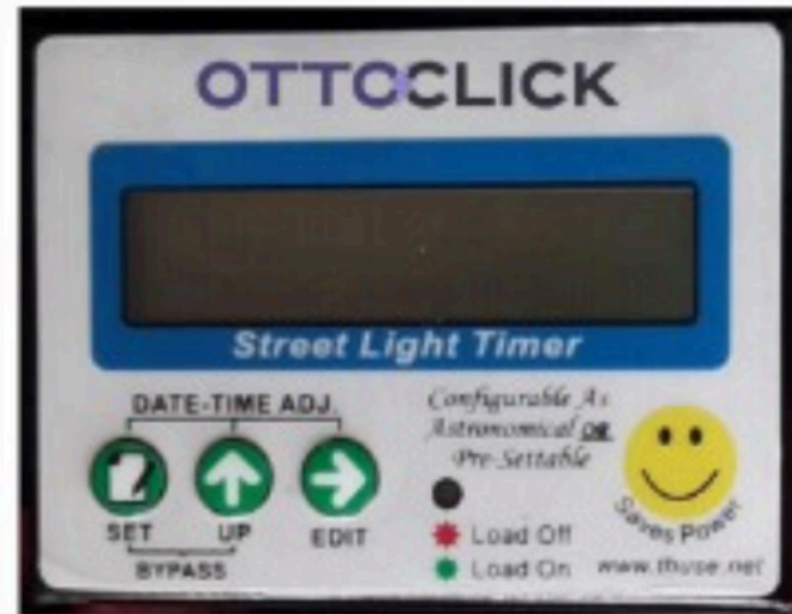

Timer Plug

- **Model:** OC-T4
- **Operating Voltage:** 230V AC
- **Type:** Plug-in Time Switch
- **Control:** Automatic ON/OFF based on preset schedule
- **Switching:** Multiple timer settings for daily use
- **Compatibility:** Works with lamps, appliances, and devices up to 10Amp rated load
- **Installation:** Easy plug-in operation – no wiring required
- **Application:** Home lights, fans, decorative lights, appliances

Analogue Programmable Timer

- **Model:** OC-T5
- **Operating Voltage:** 230V AC
- **Type:** Analogue programmable time switch
- **Control:** Mechanical dial with settable ON/OFF segments
- **Switching Capacity:** Rated load support for 10 Amp household & light commercial devices
- **Installation:** Easy plug-in or wall mounting (as per model)
- **Application:** Lights, fans, pumps, appliances, outdoor lighting automation

Astronomical Timer

- **Model:** OC-T6
- **Operating Voltage:** 230V AC
- **Control:** Built-in astronomical clock with sunrise/sunset adjustment
- **Programming:** Automatic daily schedule based on geographic time
- **Switching Capacity:** Supports heavy loads Upto 5KW (lights, signage, outdoor fixtures)
- **Installation:** Panel or DIN rail mounting (model dependent)
- **Application:** Street lights, landscape lighting, façade illumination automation

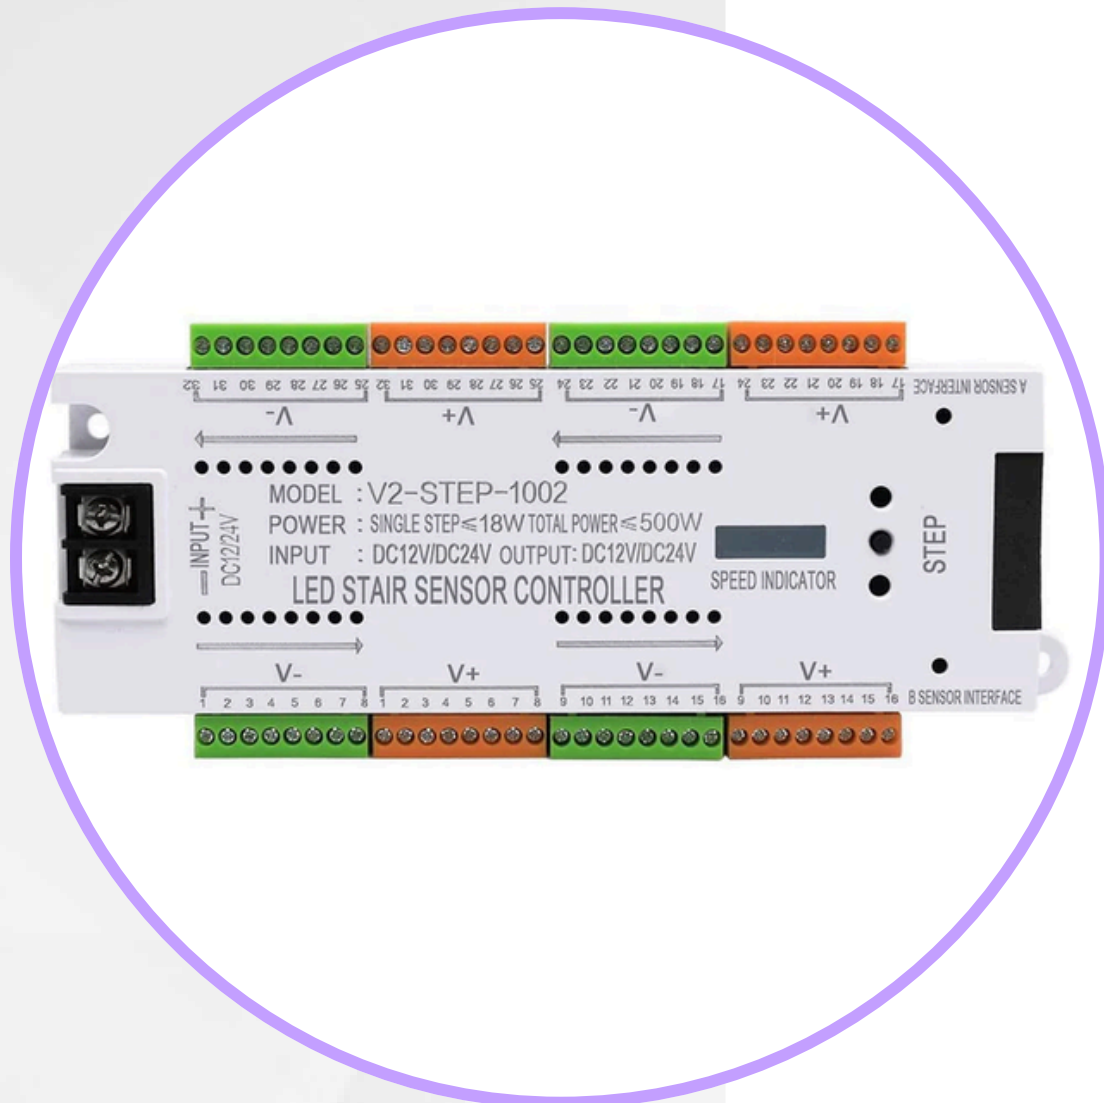

Day Night Sensor

- **Model:** OC-PC01
- **Operating Voltage:** 230V AC
- **Sensor Type:** Photocell (light-sensitive)
- **Detection:** Ambient light level sensing for day/night switching
- **Load Compatibility:** Suitable for lighting circuits and outdoor fixtures
- **Installation:** Surface or panel mount (model dependent)
- **Applications:** Street lights, parking lights, landscape lighting, exterior automation

Smart Sensing, Instant Action.

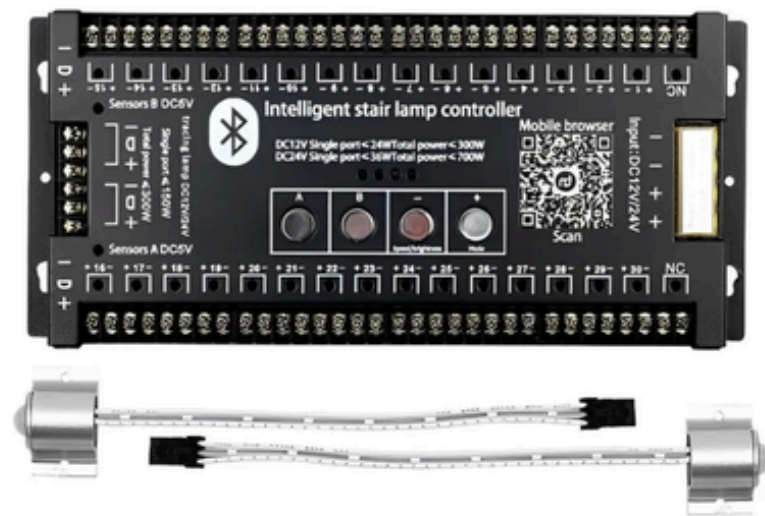

STAIRCASE LIGHTINGS & SENSORS

Smart staircase lighting with motion sensors and multi-channel controllers (up to 32 channels) for smooth, sequential light control. Automatically turns ON with movement and OFF when idle, offering enhanced safety, premium aesthetics, and maximum energy efficiency for homes and commercial spaces.

Stair Case Controller

- **Model** : OC/SLS01
- **Colour** : White
- **Mounting Type**: Wall mount
- **Channels** : 32 independent constant-voltage channels
- **Max Current Per Channel** : 1 A (1000 mA) per channel
- **Output Type** : Constant-voltage output for low-voltage LED strips; supports SPI(TTL) signal output
- **Housing & Installation** : Compact plastic housing, wall- or surface-mountable; push switch can act as induction input

Smart Staircase PIR Controller

- **Model** : OC- SLS02
- **Voltage** : 12 V / 24 V DC
- **Maximum Output Power** : 300 W
- **Supported Steps** : Up to 30 steps
- **Sensor Type** : PIR motion sensor (dual sensors, top & bottom)
- **Sensing Distance** : 1–3 m
- **Sensing Angle** : Approx. 120°
- **Connectivity** : Bluetooth app control for brightness, effects and timing

32-Channel Stair Motion Light Kit

- **Model :** OC-SLK
- **ASIN :** B0F7XCWTYV
- **Channels / Steps Supported :** Up to 32 independent channels (steps)
- **LED Strip Length :** 5 metres (warm white)
- **Input Voltage :** 12 V DC (adapter included); supports 12 V/24 V input
- **Included Power Adapter :** 12 V, 2 A
- **Maximum Recommended Load :** 300 W
- **Sensor Type & Range :** 2 PIR motion sensors, detection 1–3 metres, 120° angle
- **Mounting :** Wall mountable controller; flexible strip mounting
- **Item Weight :** 0.36 kg
- **Included Components :** 32-channel controller, 5 m LED strip, 12 V 2 A adapter, 2 PIR sensors, input/output cables
